BAE Systems honors Piconics Inc with a ‘Partner 2 Win’ Gold Tier Award

Tyngsboro, MA – May 22, 2024 – Piconics Inc today announced it received a BAE Systems ‘Partner 2 Win’ Gold Tier Award. **Piconics Inc** was selected from a pool of suppliers that delivered exceptional performance and contributions to supply chain success for BAE Systems’ Electronic Systems sector in 2023.

“Our employees are truly deserving of this award.” commented Dan Merrill, Vice President of Operation at Piconics. “Without their hard work, dedication and commitment to quality our products and the products that depend on them would not be possible.”

BAE Systems’ Partner 2 Win program is designed to achieve operational excellence and eliminate defects in its supply chain by raising the bar of performance expectations to meet the demand of current and future customers. As part of the program, BAE Systems meets regularly with its [suppliers](#) to transfer best practices to ensure that the components and materials that compose its products meet the highest quality standards.

“The development and manufacturing of BAE Systems’ cutting-edge technology is only possible thanks to our best-in-class supply partners,” said Ray Brousseau, vice president of Operations, Electronic Systems. “We thank our top suppliers for their support in helping us meet our customers’ needs.”

About BAE Systems

The Electronic Systems sector of BAE Systems is part of a global defense, aerospace, and security company. We deliver products and services for air, land, sea, and space, as well as advanced electronics, intelligence, security, and IT solutions and support services. Our dedication shows in everything we design, produce, and deliver— to protect those who protect us in a high-performance, innovative culture. We push the limits of possibility to provide a critical advantage to our customers where it counts.

About Piconics Inc

Piconics is a world-class supplier of high-quality microelectronic inductors for a wide variety of applications in the space, military, telecom, test & measurement, and medical electronics industries. Piconics specializes in miniature space & military grade inductors along with tight tolerance, fine wire windings such as the Broadband Conical and Microwave Air Coil Inductors. Piconics keeps the innovative spirit alive by continuing to work with industry leaders in microelectronics to provide inductor solutions to the most challenging problems. Piconics is an ISO 9001:2015 certified company with all manufacturing taking place in the USA.
